UK	Caterpillar Red Limited is the UK manufacturer and responsible business for these products.

3 INTENDED USE

General, non-structural fastening where a metal-free, corrosion-free, electrically insulating or lightweight fixing is wanted: electronics, models, displays, signs, crafts, aquariums, laboratory and light DIY use.

4 WARNINGS AND SAFETY INFORMATION

- Not a toy. Contains small parts - choking hazard. Keep away from children under 3 years. Intended for users aged 14 years and over.
- Plastic fixings are weaker than metal ones. Do not use them where failure could cause injury or damage (lifting, load-bearing, safety-critical, vehicle, climbing or pressure applications).
- Do not overtighten. Use hand tools or a low torque setting; overtightening can strip threads or crack the part.
- Check the working temperature and chemical resistance of the material on the Material Data Sheet before use. Keep away from naked flames and heat sources.
- Inspect before use. Do not use parts that are cracked, deformed or damaged.

5 CARE, STORAGE AND DISPOSAL

Clean with mild soapy water if needed. Store in a dry place at room temperature, out of direct sunlight.

Disposal: recycle the packaging where facilities exist. Dispose of the product through household waste or a recycling centre in line with local rules.

6 FURTHER INFORMATION

Material Data Sheets, Product Data Sheets, technical drawings and instruction sheets are on each product page at www.caterpillar-red.com.

Questions or a safety concern: info@caterpillar-red.com or the contact form at www.caterpillar-red.com.
